

Build A Snowman – Circle Time Craft

Print out the three circles onto a piece of heavy paper such as white cardstock paper, print out one set for each child, have the older children cut out their circles, teacher will need to cut out the circles for younger preschoolers.

This activity makes a fun circle time activity for a preschool snow or winter theme. Have the children watch the video showing Staci with the small, medium and large sized circles. After the video have the children build a snowman with their three circles.

Give the children a blue piece of paper to glue their circles onto to make a snowman.

Provide the children with some craft materials for them to use to decorate their snowman, such as pieces of yarn for hair or mouths, buttons for eyes, raisins or sunflower seeds to make mouths, etc.

You can also put out some cotton balls for the children to use as fake snow on their picture.

For more fun snow or winter ideas view our Preschool December themes.

We also have infant, toddler and young toddler lesson plans.
